San Francisco,
April 8, 1944

Members of Bryant Service Club.

I want to express my thanks to the members of your club for the numerous gifts of cigarettes that I have received. I also want to thank you for the thought behind these gifts.

I have now been in San Francisco two years and in that time I have received many packages from you. It recalls to mind the years I spent at Bryant.

If it is possible, I would appreciate receiving a copy of the Bryant News. I would like to keep in touch with other members of the Alumae through this medium.

Sincerely,

Francis J. Snow
Class of '38'
